Fit to my expectations and style. Thx!

It was good!

Less shirtless action, however overall good

It is perfect for me. Maybe one point, to use less offensive language (like hard words 'shit')

Try to allocate some time at the end of each day to discuss about real situations and propose ideas

Maybe collect upfront how experience they are and which challenges they are facing to. Also what is their work environment. But from participants not from hr or managers.

Well, I was surprised with the content. Nice presentation, also some materials has been shared.

Keep on doing what you doing

Sorry but not sure. It ws rly good
